

Montgomery County Health Department

Free Influenza Immunizations

November 23rd through December 30th, 2015

For any Montgomery County resident who wishes to reduce their risk of getting the flu!

***It's not too late!** Influenza can occur at any time. In recent seasons, most infections have occurred in January and February. Getting vaccinated in December will still be beneficial. Most people **6 months of age and older** should get flu vaccine every year!*

Please see the schedule below for dates, times, and locations.
